

Drive traffic to your website by adding the most up-to-date property information available.

This fully-managed widget is hosted and updated weekly by The Warren Group and displays the latest sales by town and sale date right on your website. Results are plotted on a Google™ map and in a list that can be sorted by sale date, sale price, bedrooms, bathrooms, or square footage. Implement our module in one easy step to make your website the place to find recent sales activity.

Weekly Property Transfers in Print & Online

- Bring a new level of value to your publication
- Boost advertising revenue and increase web traffic with up-to-date real estate transactions used by over 70 successful media outlets.

Featured Products:
